

Seminar on Restaurant Licensing

Restaurant Licences

Application Procedures and Interpretation of Licensing Requirements

General Policy

Criteria for Considering Applications

The purpose of licensing restaurants is to ensure that the premises are suitable for operating restaurant business, to safeguard public health and to ensure the safety of patrons. The Licensing Authority will not consider an application for a restaurant licence in respect of any premises unless :

- Premises can satisfy with building safety requirements and are free of unauthorised building works (UBW);
- Proposed restaurant business is in compliance with Government lease conditions;
- Proposed restaurant business is in compliance with statutory plan* restrictions;
- Premises can meet fire safety requirements;
- Premises can meet health requirements; and
- Premises have adequate ventilation.

*Statutory Plan refers to a plan prepared and published by the Town Planning Board under the Town Planning Ordinance.

General Policy

Criteria for Considering Applications

Applicants are strongly advised to check well in advance the following documents when choosing premises for **operating food business** :

	Document	Relevant information and documents may be obtained from the following government offices
(1)	Occupation Permit and Approved Building Plan	Buildings Department - Building Information Centre 2/F, Buildings Department Headquarters, North Tower, West Kowloon Government Offices, 11 Hoi Ting Road, Yau Ma Tei, Kowloon. Enquiry No.: 2626 1207 (Handled by "1823")
(2)	Government Lease	Land Registry - Central Search Office 19/F, Queensway Government Offices, 66 Queensway, Hong Kong Enquiry No.: 2867 2871
(3)	Statutory Plan	Planning Department - Planning Enquiry Counters 17/F, North Point Government Offices, 333 Java Road, North Point, Hong Kong or 14/F, Sha Tin Government Offices, 1 Sheung Wo Che Road, Sha Tin, New Territories Enquiry No.: 2231 5000

General Policy

Criteria for Considering Applications

- The use of the premises for the proposed food business should be **in compliance with the relevant Government lease conditions**, for the issue of relevant food business licence;
- For premises in **private buildings**, applicants are also required to make a declaration (**Form FEHB 192**).

General Policy

Criteria for Considering Applications

- Applicants should consult professional adviser(s), if necessary, on the technical interpretation of the **Government lease** or the **statutory plan**.
- Applicants should be responsible for confirming the certificates and documents that are submitted to the Food and Environmental Hygiene Department (FEHD) in connection with the application are correct.
- Applicants should also note that the **declaration on compliance with Government lease condition** is subsequently found to be **false** or **misleading**, the Director of Food and Environmental Hygiene may
 - cancel the application for the issue of a food business licence; and / or
 - cancel the full or provisional licence so issued.

DOs

- ✓ **DO** choose premises which are suitable for operating restaurant business under the Occupation Permit, the Government lease conditions and the relevant statutory plan and the notes attached thereto.
- ✓ **DO** retrieve and view the approved building plans and documents available at Buildings Department to check whether there are unauthorised buildings works involved which may affect the suitability of the premises before submitting application.
- ✓ **DO** choose premises with mains water supply, flushed toilets and a proper drainage system.
- ✓ **DO** choose premises with net floor area preferably **not less than 30m²** for a **general restaurant**.
- ✓ **DO** choose premises with net floor area preferably **not less than 20m²** for a **light refreshment restaurant**.

DOs (Continue)

- ✓ **DO** choose premises capable of providing an independent and separate ventilating system to the kitchen, toilets and seating accommodation.
- ✓ **DO** submit three copies of the proposed layout plans of the restaurant together with the application form to the relevant Licensing Office.
- ✓ **DO** plans must be drawn to scale (of not less than 1:100) and in metric units for submission.

DOs (Continue)

- ✓ **DO** pay attention to the progress of licence application and remind his contractor or agent to comply with the licensing requirements timely.
- ✓ **DO** attend the Application Vetting Panel (AVP) in person, participate the Case Manager's inspection for checking the compliance of licensing requirements at the premises.
- ✓ **DO** submit supporting documents, e.g. Work Completion Certificate, certificate from the supplier of the ventilating system, food supplier's certificate, valid certificate of fire service installations and equipment.

DON'Ts

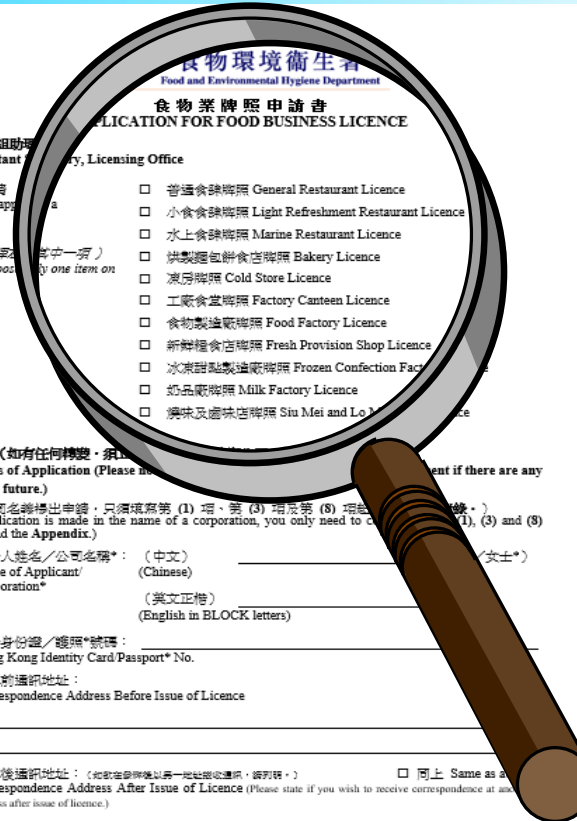

- ✗ Don't choose the upper floors of any building which are designed for domestic use, premises in industrial or godown/warehouse buildings.
- ✗ Don't plan to use the areas where manholes or soil, waste and rain water pipes are situated as kitchens, food preparation rooms and sculleries.
- ✗ Don't commence business before a licence is obtained from the Licensing Authority.

DON'Ts (Continue)

- ✗ **Don't** submit incomplete plans and revise the proposed layout plans unnecessarily once submitted, especially after the issue of letter of requirements. Submitting incomplete and revised plans will delay the application process.
- ✗ **Don't** ignore the requirements imposed by other Government departments including the Buildings Department, the Lands Department, the Fire Services Department, the Electrical and Mechanical Services Department, the Environmental Protection Department and the Planning Department notwithstanding that a licence has been granted by the Licensing Authority.

PROJECT ADDRESS:	DRAWING TITLE: MVAC PLAN
	SCALE: 1:50@A4

Ventilating System Plan (Sample 3)

Points to Note

in Designing and Drawing a Layout Plan

- Every plan should be drawn in one whole piece, not blurred and with no single line drawing.
- The plans should be drawn to the nearest metric scales of not less than 1:100.
- The plans should be clearly drawn and labelled and in consistent with the actual layout of the premises.
- The plans are not required to show those movable facilities / furniture that are not of a substantial and permanent nature.
- The plans should indicate and label each piece of appliances / facilities / furniture of a substantial and permanent nature.
- The plan should be drawn to show the usage of every space, room, counter, and any ancillary. Areas designated for such activities and the exact boundaries of premises under application for restaurant licence should be clearly demarcated in the proposed layout plan.

The Proposed Layout / Ventilation Plans Should Contain the Following Particulars

1. Space allocated to the cooking, preparation and handling of food;
2. Space allocated to the storage of any kind of open food;
3. Space allocated to the serving of meals to customers;
4. Space allocated to the cleansing, sterilizing, drying and storage of utensils;
5. Sanitary fitments and drainage works;
6. Cloak rooms, passageways and open spaces;
7. All means of exit, entry and internal circulation;

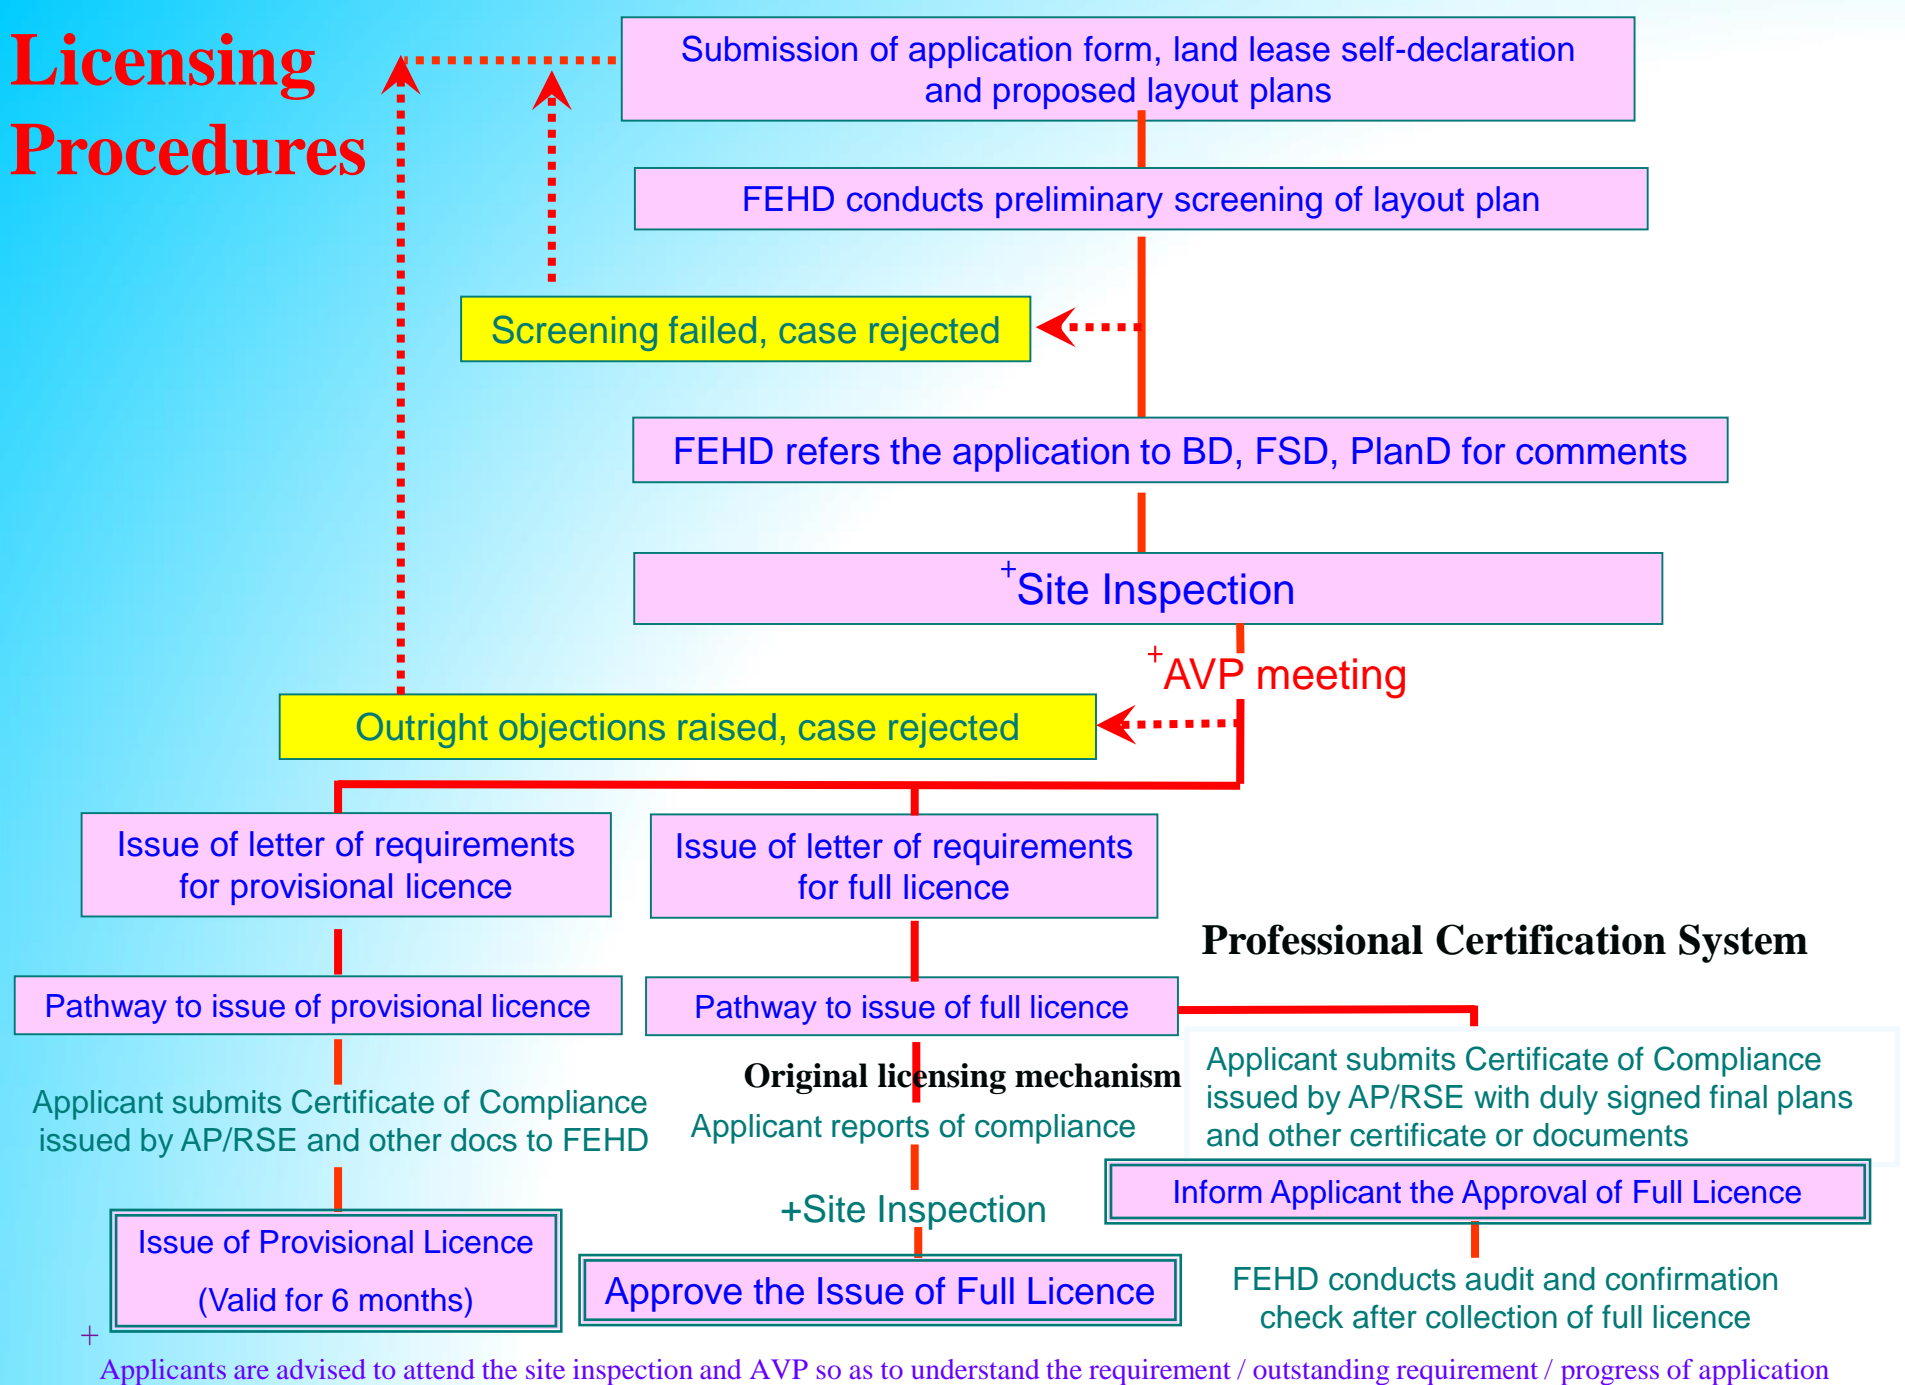

The Proposed Layout / Ventilation Plans Should Contain the Following Particulars (continue)

8. All windows, ducts providing ventilation and means of mechanical ventilation;
9. The siting of all furniture and equipment of a substantial and permanent nature, including food manufacturing and preparation plant, cooking ranges showing each and every stove, sterilizers, dish-washing machines, refrigeration and cooling equipment, fixed sideboards, washbasins and sinks, drying racks and water tanks;
10. Means of refuse storage and disposal;
11. The type of fuel to be annotated. If liquid fuel is used, the location of the fuel tank and its capacity should be indicated on the layout plan;

The Proposed Layout / Ventilation Plans Should Contain the Following Particulars (continue)

12. The extent of raised floor should be indicated;
13. Existing UBW within the interior and attached to or extending from the premises that will be demolished before the issue of provisional or full licence; and
14. Proposed UBW not be included in the Free of UBW Certification, within interior and attached to or extending from the premises in connection with the food business. Position and major dimensions of these UBW should be indicated on the layout plan.

Licensing Procedures

+ Applicants are advised to attend the site inspection and AVP so as to understand the requirement / outstanding requirement / progress of application

Notes to Applicant

- The regional Licensing Offices are responsible for processing licence applications for premises located in the regions concerned. Applicant may submit your application to the other Licensing Offices, **extra time will be required** for sending the documents to the respective Licensing Office for action.
- Submission of **application form** together **with proposed layout plans** conforming to the required format.
- Whenever there are changes to the submitted plans, the applicants are required to **highlight** any proposed changes on the revised plans with **colour pens** and **simple descriptions** before making submission.
- **Submission of revised layout plans** is required if the design of installations on the premises have been changed. FEHD will vet the revised plans, depending on its nature and individual merits and may also be referred to BD, FSD or other departments for further comment. This will extend the operational procedures for processing licence application and extra time is required in issue of licence.

Provisional Licence

Provisional Licence— Letter of Requirements

Dear Sir/Madam,

Application for Light Refreshment Restaurant Licence (for Provisional Licence)

Thank you for your application for a Provisional Light Refreshment Restaurant Licence in respect of the above premises.

Issue of Provisional Licence

I wish to inform you that there is no objection to your above application and a set of requirements and conditions is attached as follows:

Appendix I - requirements to be complied with before issue of a provisional licence:	
	(a) Category A Requirements (Health Requirements); and
	(b) Category B Requirements (Building Safety Requirements).

The Category C and Category D requirements (Fire Services Requirements and Ventilation Requirements respectively) have been sent to you by the Fire Services Department direct.

*In addition, certification made by authorized person or registered structural engineer that the food business premises are free of unauthorized building works# in prescribed form(s) with two copies of the latest licence plans attached shall be submitted for issue of a food business licence.

Issue of Provisional Licence

- Declaration on compliance of Government lease conditions (**FEHB 192**).
- Reporting compliance of requirements for issue of provisional licence.
- Applicants submit the following supporting documents to the **Licence Issuing Office (LIO)** –
 - (1) Report of Compliance for the Grant of Provisional Licence (FEHB 89).
 - (2) Certificate certified by Authorized Person / Registered Structural Engineer ("AP/RSE").
 - (A) Certificate of Compliance A (Health Requirements) (FEHB 90);
 - (B) Certificate of Compliance B (Building Safety Requirements) (FEHB 91)
together with a copy of Certificate of Completion and / or Notice of Commencement of Minor Works (if applicable);
 - (C) Certificate of Compliance C (Fire Safety Requirements) (FEHB 92);
 - (D) Certificate of Compliance D (Ventilation Requirements) (FEHB 93);
 - (E) Certification of Food Business Premises Free of Unauthorised Building Works (UBW) for Provisional Licence Application (Form UBW-1);
 - (3) A duly completed nomination form for Hygiene Manager and / or Hygiene Supervisor together with a copy of course certificate(s) of Hygiene Manager and / or Hygiene Supervisor (FEHB 221 and FEHB 221(A)).
- Provisional Licence will be issued **within 1 working day** upon receipt of acceptable Certificates of Compliance with licensing requirements from the applicant (if the documents are submitted to the Licence Issuing Office).

Issue of Provisional Licence

To facilitate business, for applications received after **30 September 2016**, FEHD has reviewed and streamlined the procedures for submission of copy of Minor Work (MW) documents to expedite the issue of provisional licence:

- the AP/RSE certifying Certificate of Compliance B ("Certificate B") on building safety requirements will check and certify that the relevant information prepared by the registered MW contractors for the MW documents are in order.
- BD conducts random selection and audit checking.
- Requisite certificates which include Certificate B together with MW documents (where applicable) at LIOs to request for issue of Provisional food business licence direct.

Provisional Licence

A provisional licence shall be valid for **six months** which enables the applicants to operate their restaurant on a provisional basis following certification of compliance of essential requirements, pending the issue of full licence.

Attention:

- After the applicant is issued with a provisional licence, if he revised the layout plans, FEHD will vet the nature of the changes and may further refer to BD, FSD or other government departments for comment.
- Relevant referral procedure will extend the operational procedures for processing full licence application and extra time is required in issue of licence, which result in the full licence may not be able to issue before the expiry of the provisional licence.

Full Licence

Issue of Full Licence

1) Issue of Licence Through the Original Licensing Mechanism

Applicant Reports Compliance of All Requirements

Applicant Reports of Compliance of Licensing Requirements with Submission of Acceptable Documents

Verification Inspection Conducted by FEHD and Other Departments

Approve the Issue of Full Licence

1) Issue of Licence Through the Original Licensing Mechanism

- After receipt of the applicant's compliance notice in writing on all licensing requirements, FEHD will conduct a **final verification inspection** on site within **8 working days**.
- Upon confirmation of compliance with all licensing requirements, FEHD will **approve the issue a full licence within 7 working days**.

2) Issue of Licence Through Professional Certificate System

- In addition to the above licensing mechanism, FEHD introduced “Professional Certification System” (PCS) as an additional option to obtain full **general restaurants** and **light refreshment restaurants** licence.
- Similar to the issue of provisional licences.
- Adopts an approach of “**licence first, inspection later**” for the issue of full restaurant licences.
- Applicants are **free to choose** between the original mechanism or the new PCS for obtaining full licences.

2) Issue of Licence Through Professional Certificate System

Report of Compliance with Licensing Requirements

- Applicants are allowed to report compliance with all health requirements for the full licence by submission of a **Certificate of Compliance (Health Requirements) for Full Food Business Licence** (FEHC / FEHE 331) **certified by AP/RSE**.
- After compliance with all licensing requirements, the applicants are required to submit a **Report of Compliance for the Grant of Full Food Business Licence** (FEHC / FEHE 332) enclosing the duly completed FEHC / FEHE 331, **certified final layout and ventilation plans**, and **all other required certificates and documents** to the respective Licensing Office.
- For the final layout and ventilation plans, both the applicants and their AP/RSE have to certify by signing with date at back of the plans.
- After receipt of the submitted documents, the Case Manager will check the documents.

2) Issue of Licence Through Professional Certificate System

Issue of Full Licence

- If all documents are found acceptable, the applicants will be informed of approval a full licence within **2 working days** without onsite verifications.

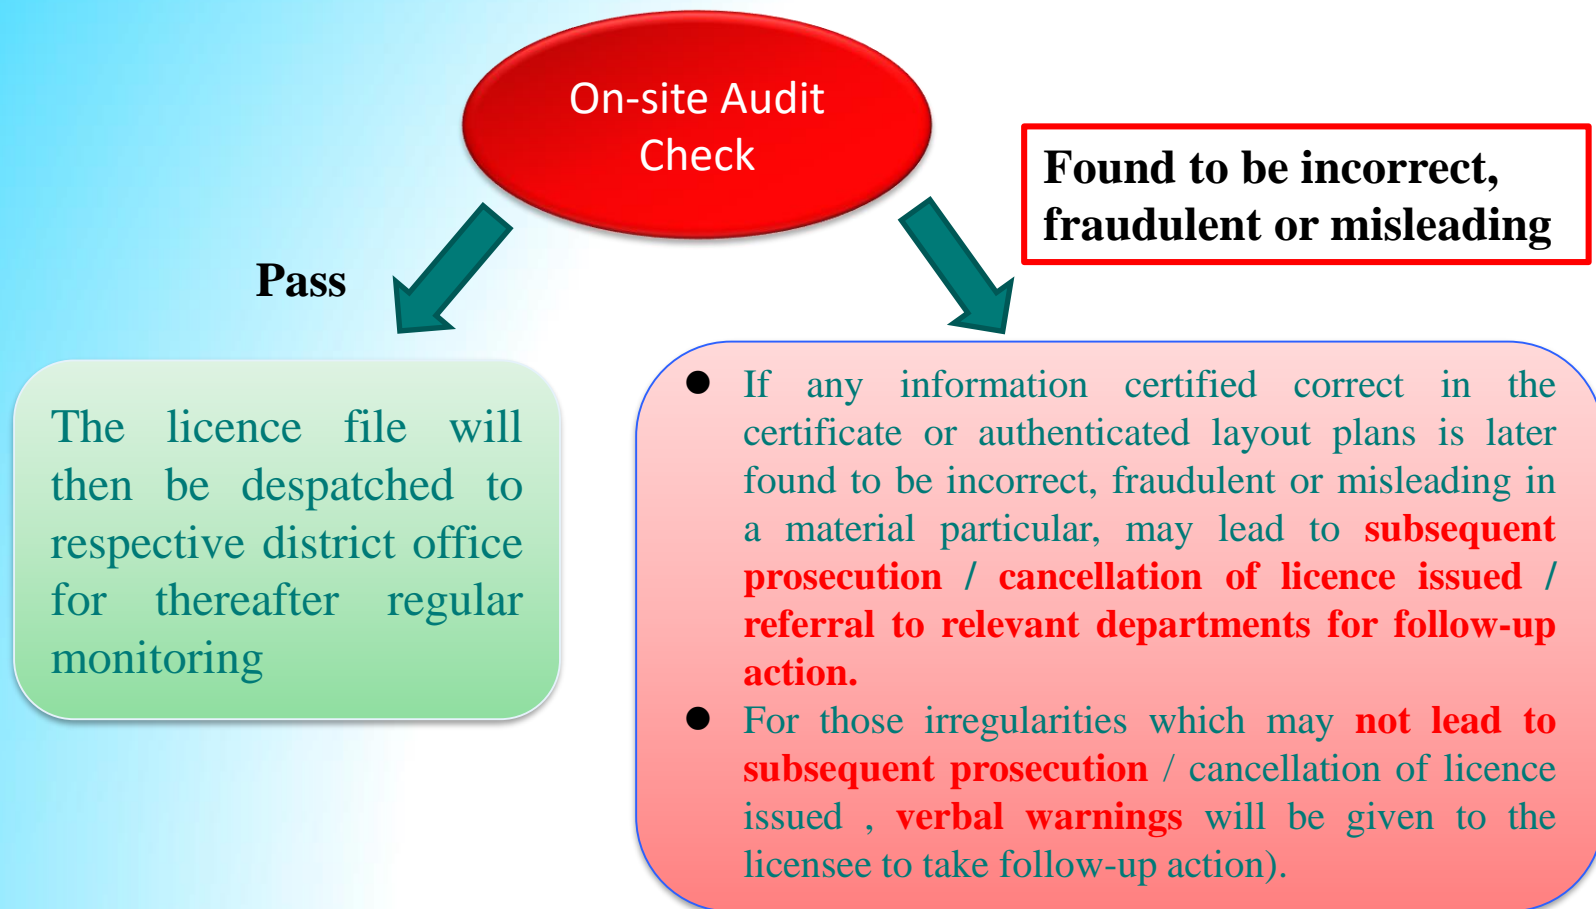

2) Issue of Licence Through Professional Certificate System

On-site Audit Check after Issue of Full Licence

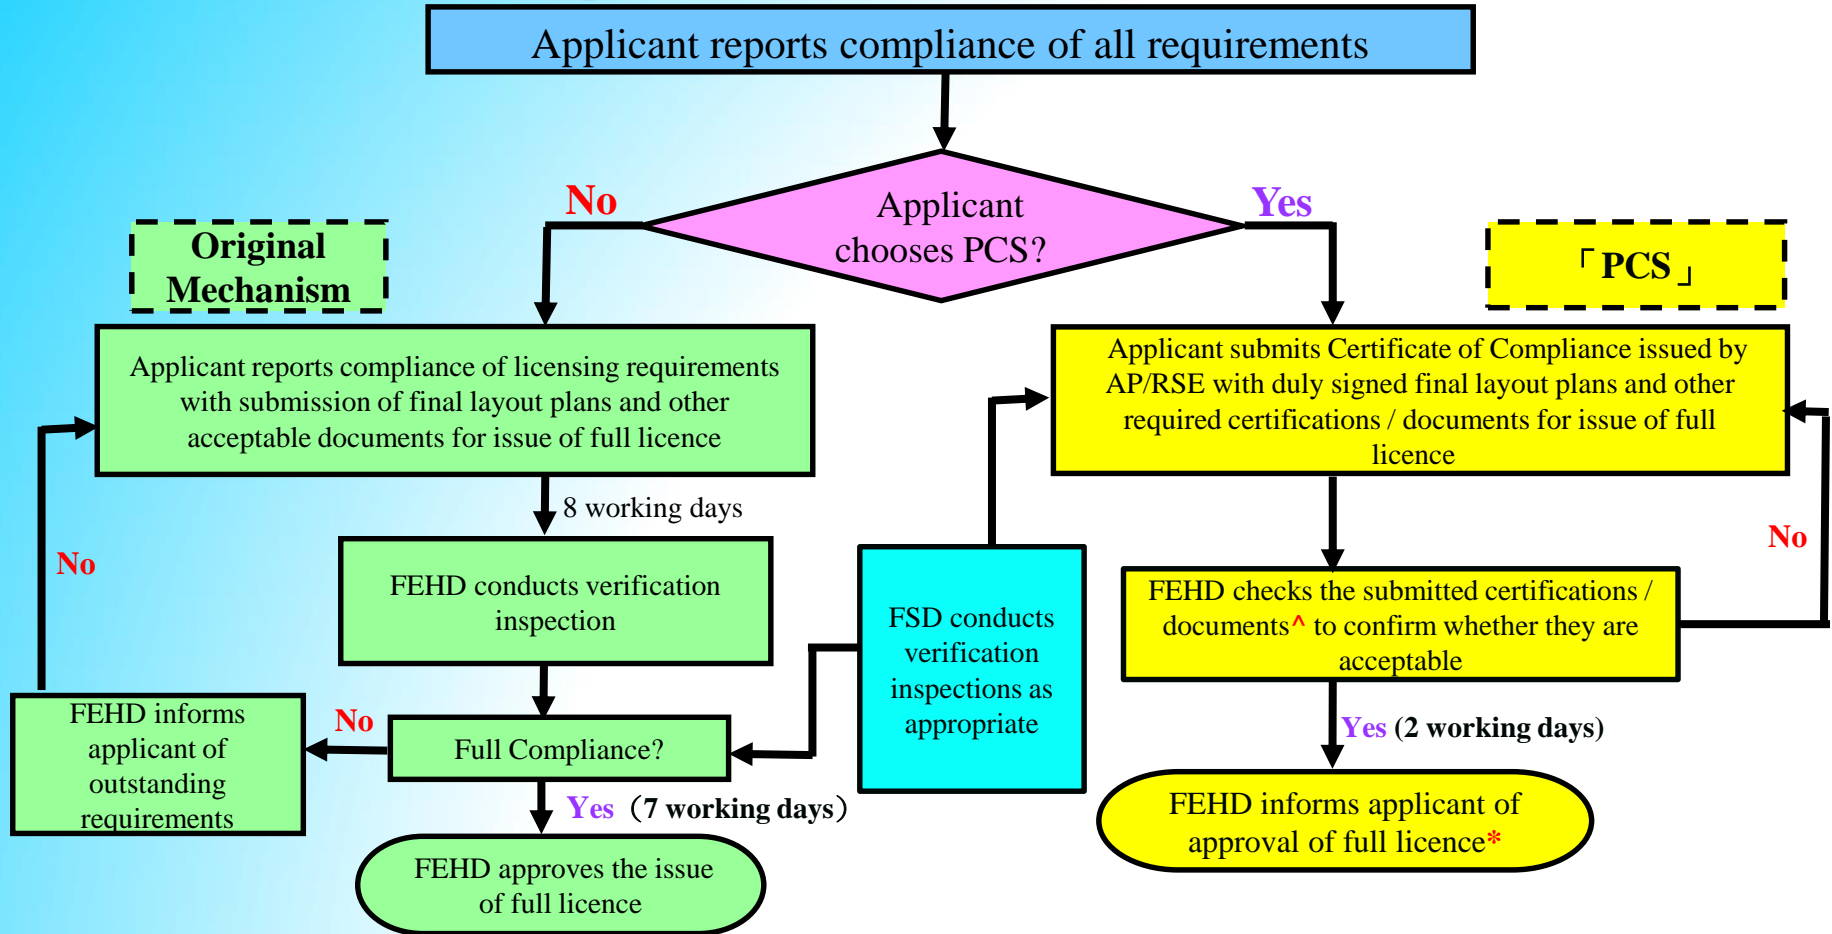

- FEHD will arrange on-site audit check within **7 working days** from issue of the full licence in the presence of the licensee.
- FEHD will verify whether the certified **final layout and ventilation plans** are in strict conformity with the actual layout of the premises and all the **licensing requirements have been fulfilled**.
- FEHD will carry out **follow-up action** if the certified layout plans or certifications / documents that are submitted in connection with the application are subsequently found to be **false or misleading** in a material particular.

2) Issue of Licence Through Professional Certificate System

On-site Audit Check after Issue of Full Licence

Licensing Procedures of the Original Mechanism and PCS

Letter of Requirements

Standard Requirements for General Restaurant Licence

IMPORTANT

The permission of the Building Authority must be obtained for any structural or drainage alterations. It is the applicant's responsibility to seek approval from the Building Authority for any such alterations or additions.

The issue of a licence does not exempt the licensee from meeting any requirement or condition imposed or may be imposed by the Building Authority, the Director of Fire Services, the Director of Electrical and Mechanical Services, the Director of Environmental Protection or any other Government Departments.

Applicant must comply with all requirements before issue of licence

1. Plans

1. * Before the issue of a licence / the grant of approval for change of layout / and the grant of approval for the installation of the ventilating system, the applicant is required to provide three copies of each plan, drawn to scale and in metric units, showing the final layout of the premises and of the ventilating system installed for approval of the Director of Food and Environmental Hygiene.
2. The layout of the premises shall be in strict conformity with the plans submitted to the Director of Food and Environmental Hygiene for approval, except for such amendments as required by the Director of Food and Environmental Hygiene.
3. The applicant is required to sign on each copy of the plans certifying that it is correct.
4. * In addition to the provision of three copies of plan mentioned in (1) above, the applicant is required to provide *one/two sets of final plan for forwarding to the *Building Authority and/or the Director of Fire Services for record.

(Note:

1. For the purpose of meeting this requirement, professional plans are not

Maximum Period of Time to Comply with All Licensing Requirements

- The applicants should expedite action to comply with all licensing requirements and to report compliance within the maximum period of time:
 - **3 months** after **the expiry of the provisional licence** (if provisional licence has been issued); or
 - **12 months** after the **issue of the letter of requirements for a full licence** (if no provisional licence has been issued).
- Unless the applicants can demonstrate that the delay in meeting the licensing requirements are due to factors beyond their reasonable control, the application for a full restaurant licence will be deemed withdrawn after the above period of time.

Premises in Compliance with Health Requirements

Material of wall surfaces in the food room

Junction between the wall and the floor

Front food room

Height of food counter

Siting of cooking ranges and use of fuel

Basin, sink and grease trap

Sterilizer

Dish washing machine

Refrigerator

Cabinet

Material of food preparation table

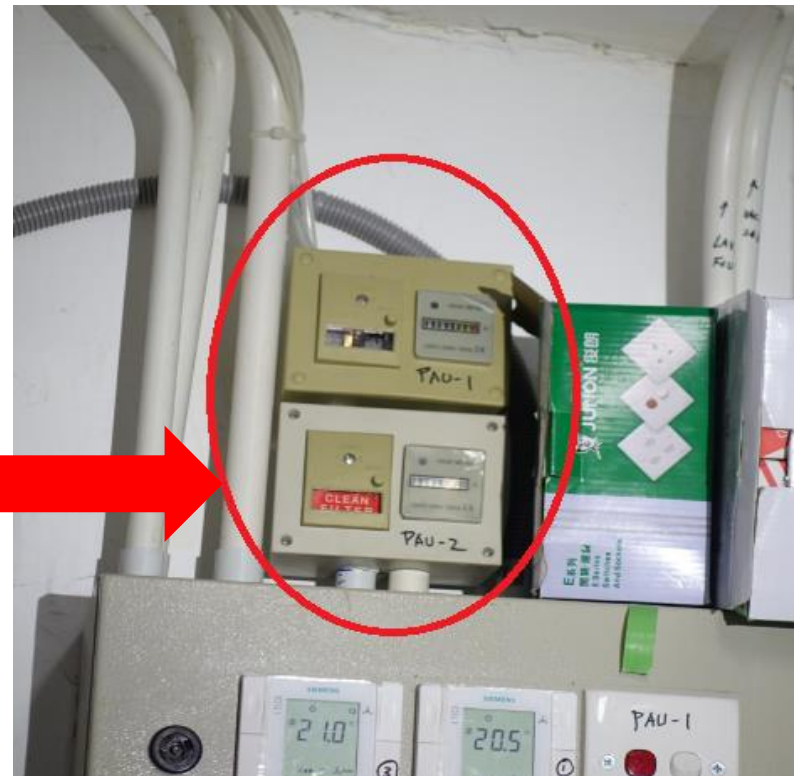

Manhole

Ventilating system

Each set of filters in a ventilating system shall be indicated by a **filter flag indicator** in an easily accessible and **conspicuous place** to facilitate inspection.

Positioning of fresh air inlet and exhaust air outlet

Collection of Full Licence and Payment

- Collection of full licences by the following payment methods:
 - In person / authorize another person at LIO;
 - **Cash**
 - **Cheque**
 - **EPS**
 - **FPS**
 - Delivered by post to respective LIO (Pay by **cheque** only);
