

=Let's DIY=

Hong Kong Market Fruit Stall

Introduction on the handcraft:

Food and Environmental Hygiene Department provides 96 public markets and cooked food markets/centres where some 14 000 stalls offer a wide choice of commodities ranging from fresh produce, cooked food, clothing to household items. There are also service trade stalls provided in individual public markets. With a wide variety of goods available, markets are convenient places for the public to buy their cooking ingredients and daily necessities.

Suitable for: people aged 6 or above

Tools: scissors, glue, etc.

Time required: 2 to 3 hours (varies from person to person)

Point to note:

As scissors are required to make this handcraft, children aged 12 or below should work under the supervision of a parent or an adult.

When using scissors, you should sit down, keep your eyes focused on the template you are cutting and be careful not to cut your fingers.

Do not run or walk around while holding scissors to avoid danger.
